Euan's Guide makes it easier for disabled people to find great places to go.

At the heart of the charity is our disabled access review website - **www.euansguide.com**.

You can use the website to:

- Find new places to visit
- Share information about your experiences.

It has thousands of reviews and listings for all kinds of places, from visitor attractions, restaurants and hotels to everyday essentials like stations and shops.

“

My family and I found that we had a limited list of accessible places that we would visit. If we wanted to try somewhere new it often became a major research project!

We knew that we were not alone. Other disabled people were only visiting a handful of places and were often struggling to find the information they needed.

I knew that a recommendation from someone with similar access requirements would be powerful enough to give me the confidence to visit somewhere new and I hoped that other disabled people would feel the same.

Euan's Guide is designed to be a way for everyone to share their experiences. It removes the fear of the unknown and can take some of the stress out of going places and trying new things.
